

A Premier Port of Call of Excellence

Resurgence through innovation

Sea Blue Shipyard Ltd. Kochi

An ISO 9001:2015 Certified Shipyard

INTRODUCTION

Sea Blue Shipyard (SBSL) is a Kochi-based, ISO 9001-2015 certified company with a decade-long impressive track record in shipbuilding and ship repair. Managed by a team of professionals with proven expertise and consummate experience, including Master Mariners, Marine Engineers & Naval Architects, SBSL has an excellent yard at Vypin, equipped with state-of-the-art infrastructure capable of providing comprehensive solutions in ship building, repairing and other engineering fabrication and maintenance projects. SBSL has a unique distinction of being the only private shipyard in Kochi with competitive infrastructure to match its business capabilities. SBSL, with a view to expand its business activities and to make its presence strongly felt across the Nation, has established a branch in Goa in 2009, which is specially equipped to carry out repairs of vessels and offshore assets calling at Goa Port.

SBSL is built up in 4.5 acres of land in Vypin just opposite to the Vallarpadam International Container Transshipment Terminal and a few meters away from ship channel & sea mouth. It is close to Cochin Shipyard Ltd., Cochin Port Trust, SPM and LNG Terminal. All these are situated within a radius of 3 Kilometers. Cochin Port is the one and only Port in India located close to the 400 million metric ton cargo carrying international sea route line.
